

What good is a new premier?

...if we end up with politics as usual?

For as long as many of us remember, British Columbia politics have been rocked by scandals, forced resignations and politicians who say one thing and do another.

The people of British Columbia have had enough and now we can do something about it.

IntegrityBC is a non-partisan, non-profit organization created with one goal in mind – ensuring integrity and accountability in BC politics.

BC can do better. British Columbians deserve better. And together we have the power to make a difference.

1 Join us to advance legislative reform

helping end corporate and union funding of BC political parties through stronger electoral finance laws, improved access to information, promoting ethics in government, protecting whistleblowers and reforming our electoral system.

2 Help us press for tougher oversight

by championing the appointment of a BC ethics commissioner and an independent budget officer, bolstering budgets for watchdogs like the Auditor General, and introducing public hearings for new legislation.

3 Empower yourself

with IntegrityBC's annual MLA and government integrity report cards, election questionnaires and party platform ratings. Ask questions, speak up and help us be your watchdog on the BC government.

Sign up at IntegrityBC.ca and together let's clean up BC politics for good.
